UI

- Visually appealing
- mobile friendly
- 2 interfaces- operator, supervisor
- Live gps
- member log in
- flat icons
- Dedicated start and finish for each session

Artificial Intelligence

- Google Colab
- Python
- Tensorflow
- Keras
- Pytorch
- yolov4

Design

- Go pro
- polaroid photos of the litter
- Remote server
- platform specific application like an android app
- Fishing camera?
- Wide radius on map pin
- DLSR?

Planning

- Testing in open waters?
- Testing in UofR pool?
- Positive, neutral, negative sets
- Testing in a laboratory?
- Different water parameters
